RMS Signature Services

- **Our manufacturer-certified, in-house support technicians alleviate IT burden with a suite of services to maximize your investment.**
- **Managed Services - Recurring service plans.**
  - Device Staging & Configuration
  - Helpdesk Support & Troubleshooting
  - Remote Device Management
  - Repair & RMA Management

- **Professional Services – One-time service or project.**
  - Device Configuration
  - Label Pre-Prints
  - Onsite Discovery & Design
  - Cabling & Installation
  - Network Analysis & Optimization

"Alex was outstanding! He showed me things on my printers that I never knew even existed."

– Brandon, Support Specialist at Lehigh Valley Health Network

Lehigh Valley Health Network

Why RMS?

A Dedicated Source For Integrated Technology Solutions.

- Premier-level partnerships with industry-leading supplies, hardware, and software partners.

- A single point of contact for data capture technology solutions.

- 25+ years of systems integration expertise and product knowledge.

- In-house account managers, support technicians, systems engineers, and project managers dedicated to your solution.

- Individualized, tailored strategies based on your healthcare facility's workflows, challenges and needs.

- A commitment to long-term partnership based on quality and client service.

Some of Our Healthcare Customers.

Thank You
